

FATIMA ALYAFEI

Cyber Security Engineering

PROFILE

Highly Motivated, determined and knowledgeable Cyber Security Engineering student with a strong capability and understanding for programming, logical analysis, and critical thinking. Proven track record of working under pressure and delivering the desired results. Good communication and team-working skills helped in reaching the targeted production. Seeking a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company, I aspire to be an effective member of society. As well as an aspiring programmer, app developer and embedded systems developer.
